

# Breathing Hoses

## Corrugated Breathing Tubes Conductive Neoprene

- #12-22675DP 22", 7/8" diameter ends (22mm)
- #12-22683DP 32", 7/8" diameter ends (22mm)
- #12-22681DP 36", 7/8" diameter ends (22mm)
- #12-22701DP 40", 7/8" diameter ends (22mm)
- #12-22698DP 42", 7/8" diameter ends (22mm)
- #12-22699DP 48", 7/8" diameter ends (22mm)

Latex-Free

Conductive EPDM (Ethylene Propylene Diene Monomer)

---

## Gas Evacuation Tubes

These conductive WAGD tubes are supplied with 19mm cuffs and are designed for use in replacement on the WAGD system of anesthesia machines.

- #12-22700DP 10", 5/8" diameter 19mm ends  
(Drager #9995210A).  
EPDM (Ethylene Propylene Diene Monomer).
- #12-22689DP 20", 5/8" diameter 19mm ends  
(Drager #9995220A).  
EPDM (Ethylene Propylene Diene Monomer).
- #12-22691DP 30" 5/8" diameter 19mm ends  
(Drager #9995230A).  
EPDM (Ethylene Propylene Diene Monomer).
- #12-22692DP 39", 5/8" diameter 19mm ends.  
EPDM (Ethylene Propylene Diene Monomer).
- #12-7109152 60", 7/8" diameter 22mm ends.  
Conductive Neoprene.

Latex-Free

---

## Connector Tube

Connector tube is used for making connection between various circuit components on anesthesia machines.

- | Item Number | Description  |
|-------------|--|
| #12-22625DP | 8", 15/16" diameter (for use with Ohmeda Model 20/21 Absorber. Datex Ohmeda P.N. (213-3027-500). Conductive EPDM (Ethylene Propylene Diene Monomer). |

Latex-Free

#10-81401 Tube Tree
