

Pressure Infusers

SURGI-PRESS™ INFUSER

Surgi- Press™ Infuser

- Spring driven piston provides continuous pressure on the fluid bag.
- Minimum variation in pressure.
- No bulb or gauge.
- No periodic pumping or monitoring required.
- Durable case molded from glass fiber reinforced polypropylene.
- High strength clear plastic window for easy viewing of fluids at all times.
- Wide opening for rapid insertion.
- Easy to operate. Insert the bag, wind it up once and let it run.
- Designed to function with a standard 500cc fluid bag.
- Cleans and stores easily.

Item Number	Type	Size
#HG-4081	Surgi-Press™ Pressure Infuser	500cc
#HG-4082	Spacer for Packed Cells	N/A

Applications

- Surgery
- Intensive Care
- Radiology, Special Procedures
- Cardiac Catheterization Laboratory
- Emergency/Trauma Department
- Labor & Delivery
- One Day Surgery
- Pre-Operative Care
- Post-Operative Care

Features:

- Unique pressure gauge is easy to read and durable.
- Convenient IV Pole Loop Hanger is sturdy and easy to hang onto IV poles - even for short personnel.
- IV Fluid Bag Hook is durable and designed to fit all standard bags snugly.
- Durable Construction - will not rip or tear.
- Clear sleeve around bag provides a visible window to see what fluids are being pressurized.
- Palm fitted, efficient hand bulb makes inflation easy.
- Choice of stopcock valve or bulb thumbwheel valve.
- No external gauge "plunger".

Easy to Read Pressure Gauge

Unique gauge provides an easy to read 360 degree window, which can be read from far away.

Starting Position
Displays the pressure at 0mmHG before any pressure is applied.

Normal Pressure
Indicator marks are located at the 175mmHG & 300mmHG levels. Green color at 300mmHG indicates normal proper inflation.

Overpressurization
Red color indicates overpressurization. When pressure reaches this area an automatic bleed valve will engage reducing the pressure to a safe level.

Product Number	Description
#FC-ZIT-500	InfuseIT 500ml w/ Stopcock valve, 10/box
#FC-ZIT-502	InfuseIT 500ml w/ Thumbwheel valve, 10/box
#FC-ZIT-1000	InfuseIT 1000ml w/ Stopcock valve, 10/box
#FC-ZIT-1002	InfuseIT 1000ml w/ Thumbwheel valve, 10/box
#FC-ZIT-3000	InfuseIT 3000ml w/ Stopcock valve, 10/box
#FC-ZIT-3002	InfuseIT 3000ml w/ Thumbwheel valve, 10/box
