

SPECIAL ON 0-15 LPM (O₂ & AIR) FLOWMETER EXCHANGE

The **Soft-Touch** Timeter Flowmeter

The Soft-Touch Timeter® Flowmeter is durable, long-lasting and easy to maintain. Timeter® by Allied Flowmeters: *Quality Plus Value.*

- Flowmeter hood is made of crack-resistant polycarbonate
- Dual tapered metering tube provides outstanding accuracy
- Easier readability on the 0-5 lpm range
- Steel float eliminates sticking caused by static electricity
- Nickel-plated solid brass body provides high durability and long life
- Larger, easier to grip Soft-Touch knob
- Color-coded for Air or Oxygen
